Social Media is totally discriminating against Republican/Conservative voices. Speaking loudly and clearly for the Trump Administration, we won't let that happen. They are closing down the opinions of many people on the RIGHT, while at the same time doing nothing to others...Censorship is a very dangerous thing & absolutely impossible to police. If you are weeding out Fake News, there is nothing so Fake as CNN & MSNBC, & yet I do not ask that their sick behavior be removed. I get used to it and watch with a grain of salt, or don't watch at all...Too many voices are being destroyed, some good & some bad, and that cannot be allowed to happen. Who is making the choices, because I can already tell you that too many mistakes are being made. Let everybody participate, good & bad, and we will all just have to figure it out!

# What damages America?

## Moral Relativism

If there’s no God, then who defines right and wrong? Each person gets to define their *own* morals. Then society is pressured into **“tolerance”** of deviant and harmful beliefs/delusions and behaviors.

- 1925** The Scopes Trial controversy over teaching evolution in schools
- 1962** Engel v. Vitale no prayer in schools
- 1963** Abington School District v. Schempp no Bible reading in schools
- 1973** Roe v. Wade murdering unborn babies made legal

Each **“legislated”** by the **judicial** branch? 🤔

**Nihilism** led to experimenting with sex, **drugs**, hedonism.

## The Sexual Revolution ‘60s-‘80s

- Challenged traditional codes of behavior related to sexuality and interpersonal relationships throughout the U.S. and subsequently, the world.
- Increased acceptance of sex outside of traditional heterosexual, monogamous marriage relationships.
- Normalized of sexual objectification, public nudity, pornography, premarital sex, homosexuality, alternative sexuality, sexually-transmitted diseases, teenage pregnancy, **abortion**, feminism, and now transgenderism; also probably soon, **polygamy, prostitution and, pedophilia**.

## Marxism, Communism, Socialism

(Far from original concepts of “Liberal” and “Democratic”) Leftist brainwashing is **promulgated** by a homogenous group of **powerful** elites strategically embedded in **Washington, Hollywood, Silicon Valley, and Academia**. **Leftism endorses** big government (totalitarianism), redistribution (stealing property and money), gun control (disarming of citizens), political correctness (censorship), “free love” (fornication), and abortion (murder); **breeds entitlement; opposes** low, flat, fair taxation. Remember, the racist **Nazis & U.S.S.R.** were both leftist. Multiculturalism is at *least* naïve about Islamist Terrorism.

## Propaganda, Revisionist History,

- **1949** 1984 George Orwell
- **1953** Fahrenheit 451 Ray Bradbury

# The Left and the Right view America & its history *VERY* differently . . .

The Left sees America as having been, and continuing to be, a very flawed country, morally no better than many, and morally inferior to many. The Left's view is that America was founded by rich white males who were intent on protecting their race, their wealth, and in many cases, their slaves. America was and remains **sexist, intolerant, xenophobic, and bigoted**; a country of unacceptable material inequality, where the rich have too much power.

Conservatives view America as Republican President Abraham Lincoln viewed it — as the “Last Best Hope of Earth.” While acknowledging America's flaws, conservatives regard America as the best society ever created — giving more people of more backgrounds **more freedom, more opportunity, more affluence** than any other society — and doing more good for more people in other countries than any society in history.

Every civilization in world history, even including African societies, practiced slavery, but all the societies that first abolished slavery were rooted in the **Jewish and Christian Bibles** and among them was the **United States**. America gradually became the *least racist, least xenophobic country* in the world. In no country do people of every race and ethnicity become accepted as full members of the society as do immigrants to America.

No country in history has fought for the liberty of others as much as America has. That is why, for example, 37,000 Americans died in Korea, a country that offered America no economic gain. The purpose was to protect Koreans from Communist tyranny. Today South Korea, where American troops are still stationed, is one of the wealthiest and freest countries in Asia. Meanwhile North Korea, the part of the Korean peninsula that America did not succeed in liberating, is the least free and poorest country on earth. Without America, people around the world would suffer from far more tyranny, enslavement, and genocide.

Conservatives use **facts** and **common sense**, but leftists often rely on **fantasy** and **sensationalism**. The right values true **virtue**, however the left only seems to esteem **virtue signaling**. The right asks “**does it do good?**”, while the left usually asks “**does it feel good?**”

Did the total withdrawal of America from Iraq do good? Of course not. It led to the rise of ISIS with its mass murder and torture. What about withdrawal from Vietnam? No. It led to the violent Communist takeover of South Vietnam. On the other hand, because our troops didn't leave South Korea, Japan, and Germany, those countries have become 3 of the most prosperous and free countries in the world.

5/1/17 Similar chaos broke out during May Day protests when supporters of President Donald Trump and Antifas clashed at Union Square.

- Racist **Andrew Jackson** founded the **Democratic Party** in **1828**. He owned hundreds of slaves. He is also known for having signed the **Indian Removal Act** in **1830**, which forcibly relocated Native Americans.
- Democrat **Martin Van Buren** was against abolition of slavery in the US, and said so in his Inaugural Address.
- Democrat **James Polk** was a slaveholder for his entire life.
- The **Republican Party** was founded in **1854** primarily to oppose slavery, and they eventually abolished slavery. The Democratic Party fought them and tried to maintain and expand slavery.
- The **Ku Klux Klan (KKK)** was originally formed in **1865** primarily as the military arm of the Democratic Party.
- The **13th Amendment**, abolishing slavery, passed in **1865** with 100% Republican support but only 23% Democrat support in congress.
- The **14th Amendment**, giving full citizenship to freed slaves, passed in **1868** with 94% Republican support and 0% Democrat support in congress.
- The **15th Amendment**, giving freed slaves the right to vote, passed in **1870** with 100% Republican support and 0% Democrat support in congress.
- Republican **Ida B. Wells** was an African-American journalist, suffragist, feminist, and an early leader in the Civil Rights Movement. In **1892** she recommended that black people use arms to defend against lynching.
- Democrat **F.D.R.** spoke at the **1924** Democratic National Convention, also known as the "Klanbake" for the heavy representation of Ku Klux Klan-friendly delegates. After the **Klanbake**, some 20,000 Klan supporters wearing white hoods and robes held a picnic in New Jersey. In **1937** appointed prominent Ku Klux Klan member Democrat **Hugo Black** to the Supreme Court. In **1942**, he signed **Executive Order 9066**, relocating Japanese into **internment camps**.
- The **Civil Rights Act of 1964** was supported by Republicans more than Democrats in both houses of Congress. In the House, 80% of the Republicans and 63% of the Democrats voted in favor. In the Senate, 82% of the Republicans and 69% of the Democrats voted for it. Republican Everett Dirksen defeated a Democrat filibuster.
- The vast majority of **Dixiecrats** — the staunch segregationist members of the Democratic Party — did not become members of the Republican Party. Almost all remained Democrats for the duration of their time in office.

Of Dixiecrats who broke from the Democratic Party in 1948, and those who voted against the Civil Rights Act of 1964, 2 switched from Democrat to Republican: **Senator** Strom Thurmond and **Representative** Albert Watson. **Dixiecrats: Senators:** William Murray, Thomas P. # Alt-Right is *NOT* Right (it's alternative *to* the Right.)

Dinesh D'Souza  
policy adviser for Reagan

Richard Spencer  
created the term "alt-right"

[youtu.be/CNsdmvijLfs](https://youtu.be/CNsdmvijLfs)

**Dinesh D'Souza:** What would be your take on say Reagan?

**Richard Spencer:** I do not think that he was a great president.

**Dinesh D'Souza:** Who was your favorite president?

**Richard Spencer:** There is something about Jackson; there's something about Polk as well, someone who only served one term.

**Dinesh D'Souza:** But, Jackson and Polk as you know — both Democrats.

**Richard Spencer:** I party I mean party is just a vessel that one uses.

**Dinesh D'Souza:** But, I mean, Jackson is the founder of the Democratic party.

**Richard Spencer:** I don't believe in nationalism in terms of silly or hokey flag-waving, and I definitely don't believe in nationalism in the sense of Europeans fighting one another. I believe, actually, in a greater brotherhood of European peoples. No question, everything is in the genes.

**Dinesh D'Souza:** So, all men are created equal. True or false?

**Richard Spencer:** False, obviously.

**Dinesh D'Souza:** The idea that we have a right to life, true or false?

**Richard Spencer:** I don't think we have rights to really anything.

**Dinesh D'Souza:** What I take you to be saying is that the white ethno-state would have a powerful state at the center of it.

**Richard Spencer:** No question.

**Dinesh D'Souza:** But this notion of limited government... As you know, the founders saw the government as the enemy of our rights.

**Richard Spencer:** No individual has a right outside of a collective community. You have rights, not eternally or given by God, or by nature.

**Dinesh D'Souza:** Who gives them to us?

**Richard Spencer:** Ultimately the state gives those right to you. The state is the source of rights, not the individual.

**Dinesh D'Souza:** Would it be fair to say you are not just against illegal immigration but immigration, period?

**Richard Spencer:** I'm definitely against illegal immigration. That's an easy one.

I'm against replacement immigration in the sense that I'm against immigration coming in from the Third World that is ultimately going to change the ethnic and cultural constitution of the United States. I wouldn't say I'm against immigration in itself. I would actually be happy to open the door to white South Africans among many who are truly suffering. I would be happy to take in those refugees.

**Dinesh D'Souza:** "Birth of a Nation." Have you seen it?

**Richard Spencer:** Yes, I have.

**Dinesh D'Souza:** What did you think of it?

**Richard Spencer:** It's an amazing film, one of the most important films ever made.

**Dinesh D'Souza:** Leaving aside its technical merits, the notion that the sex-crazed blacks are taking over the country and the Ku Klux Klan was a redemptive movement of white identity to clean the place up — you agree with that?

**Richard Spencer:** It was a romanticization of the first Klan in response to Republican Reconstruction. It's an idealized vision that paints in really broad strokes.

**Dinesh D'Souza:** But it's your music.

**Richard Spencer:** Sure. It appealed to many, Americans including presidents.

## **Algorithms: we're all plugged in**

Whether we know/believe/admit it or not, they're controlling our minds (both overtly and covertly). Who's writing the rules that determine what we see on our news feeds? Money talks. We've mindlessly opted into social media not realizing that it's a giant social experiment run by elitists with extremist ideologies. Big tech megacorps have been knowingly and unknowingly colluding with each other and with the U.S. and foreign governments to push nefarious agendas. Collectively, **they know more about us than we know about ourselves** — whether we've given them permission to or not, they've been storing and using unreasonable amounts of data about us: every place we've been, gps coordinates including long/lat/altitude, timestamps, speed, direction, etc., every webpage or ad we've seen, what device/browser we used, movie, tv show, news, song or podcast we've listened to, every search we've made, purchase we've made, who we are related to, work with, friends with, what we like, what we say, what we believe — and they use that information to decide what we should see and hear and they use psychological profiles to attempt to **manipulate our subconscious** and change what we like, what we purchase, what we say, and what we believe. They have a vested interest in an increase in groupthink and a decrease in critical thinking.

We also don't realize the negative **unintended side effects** of our tech: addiction, permanent brain damage and rewiring.

To know wisdom and instruction, to understand words of insight, to receive instruction in wise dealing, in righteousness, justice, and equity; to give prudence to the simple, knowledge and discretion to the youth — Let the wise hear and increase in learning, and the one who understands obtain guidance, to understand a proverb and a saying, the words of the wise and their riddles. **The fear of the LORD is the beginning of knowledge**; fools despise wisdom and instruction. Wisdom cries aloud in the street, in the markets she raises her voice; at the head of the noisy streets she cries out; at the entrance of the city gates she speaks:

How long, O simple ones, will you love being simple? How long will scoffers delight in their scoffing and fools hate knowledge? **If you turn at my reproof, behold, I will pour out my spirit to you**; I will make my words known to you.

The words of the wise are like goads, and like nails firmly fixed are the collected sayings; they are given by one Shepherd. My son, beware of anything beyond these. Of making many books there is no end, and much study is a weariness of the flesh. The end of the matter; all has been heard. **Fear God and keep his commandments, for this is the whole duty of man**. He's going to bring all these jobs back, well how exactly are you going to do that? What are you going to do? There's — there's no answer to it. He just says, "Well, I'm going to negotiate a better deal." Well, how — what — how exactly are you going to negotiate that? **What magic wand do you have?** And usually, the answer is he doesn't have an answer. - Obama town hall in Indiana June 1, 2016

## US resolution to condemn activities of Hamas voted down in General Assembly?!?!?! 🤔

6 December 2018

Although a majority of UN Member States voted in favour of a General Assembly resolution put forward by the United States – condemning the activities of Hamas and other militant groups in Gaza – it failed to be adopted on Thursday at UN Headquarters in New York.

The resolution condemned Hamas for “repeatedly firing rockets into Israel and for inciting violence, thereby putting civilians at risk”, and for its use of resources in Gaza to construct military infrastructure “including tunnels to infiltrate Israel and equipment to launch rockets into civilian areas”.

It specified that further engagement by the UN Secretary-General, and the UN Special Coordinator for the Middle East Peace Process, in efforts to de-escalate the situation in Gaza, was also needed.

A **procedural vote** held before the main vote on the resolution – calling for the latter to be decided on a *two-thirds majority* – passed in the chamber, narrowing the odds of the resolution passing successfully: although 87 voted in favour, 58 voted against, with 32 abstentions, meaning that the resolution failed under the *two-thirds* ruling.

Before the votes, the US Permanent Representative to the UN, said that despite more than 500 General Assembly resolutions condemning Israel, not one condemning Hamas has ever been adopted. She described the two-thirds decision, which passed by just a handful of votes, as “**unfair**” adding that

**the Hamas resolution was an opportunity for States to “do the right thing.”**

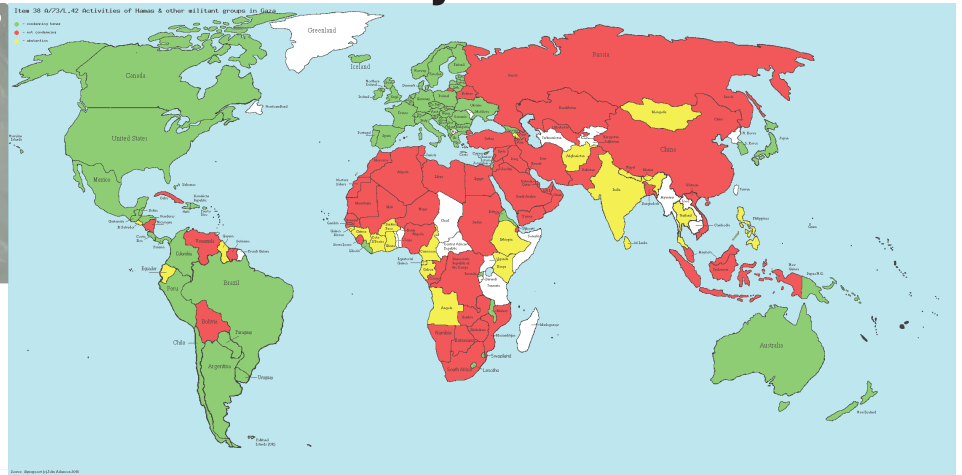

The Israeli Ambassador, Danny Danon, said that the resolution had been a chance for “UN redemption,” and that

**those who had voted against it “should be ashamed of themselves.”**

A number of States explained their reasons for voting against the resolution. The Saudi Arabian representative stated that, since 1967, Israel has not respected any General Assembly or Security Council resolutions, whilst Kuwait and Iran’s representatives said that the resolution “ignores” and “deflects attention from” the root causes of the conflict.

**US Mission to the UN**  
@USUN

Today we spoke some hard truths. We can't talk about peace in the Middle East until we can agree on a basic condemnation of Hamas and its terrorism. The UN had a chance to do that today, and it failed.

## Statement by the U.S. Mission on Palestinian Delay Tactics Designed to Defend Hamas Terrorism - November 30, 2018

1. Condemns Hamas for repeatedly firing rockets into Israel and for inciting violence, thereby putting civilians at risk;
2. Demands that Hamas and other militant actors including Palestinian Islamic Jihad cease all provocative actions and violent activity, including by using airborne incendiary devices;
3. Further condemns the use of resources by Hamas in Gaza to construct military infrastructure, including tunnels to infiltrate Israel and equipment to launch rockets into civilian areas, when such resources could be used to address the critical needs of the civilian population;

The U.N. was poised to do something it has never done, condemn the terrorist group Hamas for firing rockets at Israeli civilians. Yet at the last minute the enemies of freedom pulled an outrageous stunt requiring a 2/3 vote to pass the resolution, instead of the normal 50% majority.

While the resolution did in fact get a majority (87 in favor of condemning Hamas, 57 opposing, and 33 abstaining), it fell far short of the newly required 2/3 majority in the U.N. General Assembly. Were it not for the absurd 2/3 requirement – a poison pill proposed at the last minute by Kuwait – this vote would have passed.

This is an outrageous betrayal of Israel and all those innocent civilians who have been the victims of Hamas terror. It was a cowardly stunt to prop up a terrorist entity.

**Hamas** – a recognized terrorist group who's charter actually states: the time [Judgment Day] will not come until Muslims fight the Jews and kill them – has fired rockets near schools, residential areas, churches, and other civilian areas as a human shield to inflict terror on Israel. Hamas rockets have even targeted an Israeli kindergarten just hours before little children would have been present.
