Ayatollah Khamenei calls Israel a "cancerous tumor" that should be removed.

Iran trains Hezbollah militants: guerrilla warfare, firing missiles and rocket artillery, unmanned drones, and conventional war. Other than the Russian-made Katyusha, Hezbollah's reported artillery cache is entirely Iranian-made.

Hezbollah is considered a **terrorist organization** by the United States, Israel, Canada, the Arab League, the Gulf Cooperation Council, along with its military wing by the United Kingdom, Australia and the EU.
